FOR IMMEDIATE RELEASE

Vallarta Yacht Club Luncheon Seminar Series

Date: January 4th, 2010

Speaker: Eduardo Lugo

Eduardo Lugo, a Wildlife Photographer and Banderas Bay Naturalist, will be presenting a program about the sea life and research projects in the Bay.

Eduardo: Wildlife Connection is a Mexican company, dedicated to the study and conservation of nature. At the same time we share with people the experience of coexistence with nature, creating this,

specialized tours to observe the wildlife, which in turn, help us to obtain the economical resources to support research and environmental education programs. Our work has been published in several elementary and secondary school books, in books dedicated to nature and in some of the most prestigious periodicals in México. His work has also been featured in National Geographic in July 1999 and November 2000 (Latin version). See wildlifeconnection.com

The VYC's weekly luncheon seminar series features fun and educational presentations. Topics include almost anything of interest to folks who live and play on the bay. More information can be found at <http://vallartayachtclub.org>
